

PRODUCT SPECIFICATION

MS18

INTRODUCTION

The MS18 sensor provides both daylight regulation and presence detection with an IP65 rating and remote control commissioning and is suitable for mounting heights ranging from 8 to 18M.

FEATURES & BENEFITS

- Mounting Type: Integral
- Wireless: No
- Maximum Mounting Height: 18m
- Occupancy Detection: PIR
- Daylight Control: Daylight Regulation
- Output: DALI
- IP Rating: IP65
- Programmer: REA-MS18

ADJUSTABLE PARAMETERS

- Occupied mode: Presence/Absence/Manual
- Occupied Level: 1-100%
- Occupied Time: up to 24 hours
- Transition Time: up to 24 hours
- Transition Level: 1-100%
- Daylight Regulation: Enabled/Disabled
- Daylight Regulation level: up to 4000Lux
- Grouping: Enabled/Disabled
- More parameters available on programmer
