

PRODUCT SPECIFICATION

REA 7 BLBK 10X6/7P MB

INTRODUCTION

The REA7 BLBK 6/7P MB is a Lighting control module (LCM) with a 10 way luminaire connection centre with 2 separate ways for connecting Reacta 7 sensors. Luminaires are connected using 6 pole blue/black locking connection leads whilst the sensors are connected using 7 pole black/grey locking connection leads. There are also 2 x Hard-wired switch inputs. 6 Pole pre-wired luminaire leads, 7 Pole sensor connecting leads and 6 or 7 pole male plugs are available separately.

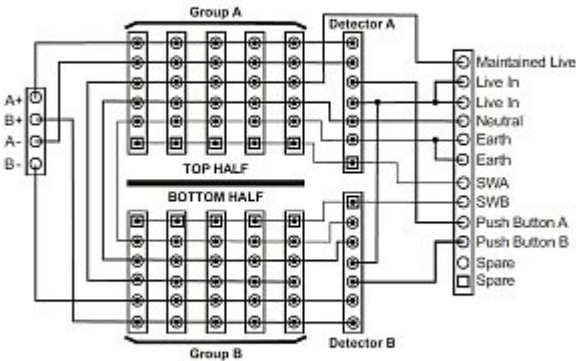

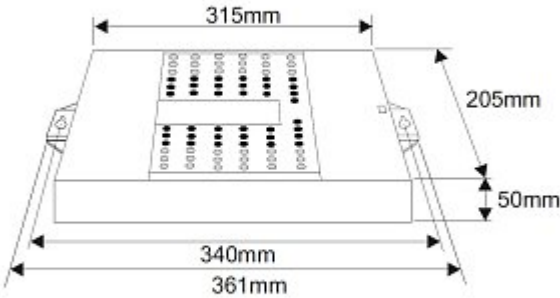

FEATURES & BENEFITS

- Supply Power Source: 230V
- IP Rating: IP20
